

Build-A-Box™

Modular Aluminum Trench Shielding System

Purpose:

The Build-A-Box Modular Aluminum Trench Shielding System can be assembled in minutes to a wide variety of configurations. The modular system enables work crews to make on-the-spot design changes to meet job requirements in conditions ranging from light to extreme. Build-A-Box is compatible and stackable with Efficiency's XLAP Aluminum Trench Shields.

Common Applications:

- Sewer & Water Valves
- Hydrants & Taps
- Spot Repairs
- Gas and Electric Utility

Features:

- Compatible with XLAP
- Pick-up truck transportable
- Can be hand-assembled in minutes
- Narrow, smooth aluminum sidewalls reduce dirt build-up
- Tongue and groove design
- Foam-filled
- Pulling and lifting lugs
- Professional Engineer design and depth certification

Options:

- T-connection cut-outs
- Telescoping spreader sets
- Sectional or Full Length corner posts
- 3 or 4-way corner posts
- Octagon-configuration corner posts

Spreader Options:

- XL adjustable spreaders
- Spreader arches
